

A SPECIAL GIFT IN YOUR NAME

and

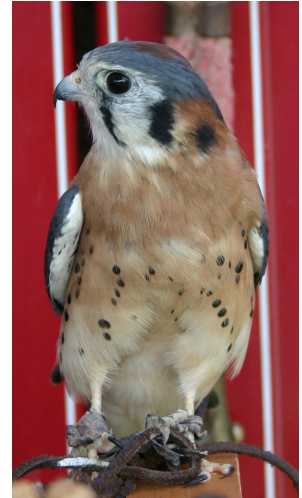

A SPECIAL GIFT FROM YOU TO OUR WILD FRIENDS

'Tis the season to celebrate, feast and help those less fortunate. At New York Wildlife Rescue Center, we believe that includes animals as well. You are a very lucky person! You are what we call a "hard to shop for" person. Someone who loves you very much has donated FIFTY DOLLARS (or more) to help the hundreds of wild, domestic and exotic animals rescued by New York Wildlife Rescue Center at Red Maple Farm every year. Let it be known, while other people are donating that beautiful sweater they got last year to their favorite consignment shop...you received the gift that "keeps on giving". You had a donation made in your name to NY Wildlife

Rescue Center! All tax deductible donations will be put to good use. 100% of all donations go directly to the care and housing of the animals at our facility. Check out our website www.redmaplefarm.net where you will even see your name on our Donor's List.

Now, if the kind gesture of a donation in your name isn't already the best gift you receive this holiday season....just wait, there is more. As the recipient of this amazing gift, you also get this beautiful bird house. Now lets get serious for a moment. Did you know that over 70% of all baby Raptors (hawks, owls and falcons) are not lucky enough to make it through their first year of life? As if that isn't bad enough, many species of birds are cavity nesters. This means they like to nest in holes in trees. These natural nest cavities are hard to find, so if we are going to keep these species alive for future generations to enjoy, we might want to think about helping them out. In addition to the donation in your name, you also received this very special nesting box. This box will be used by Screech Owls if you hang it in the woods, by North American Kestrels if you hang it on a telephone pole near a field, by Wood Ducks if you put it on a metal pole near water and we have also found field mice, squirrels and starlings will sometimes call them home. Just follow the directions on the packet inside your nesting box and you will be enjoying wildlife for years to come. I do warn you, however, no wild animals can use this box if it isn't taken outside and hung up. Make it your New Years Resolution to get it hung up by Valentines Day, since many birds are returning to our area by then.

This very thoughtful gift was purchased by:

The Lucky recipient of this gift is:

These nesting box donations are not just available at Christmas time. Your tax deductible donation is greatly appreciated any time of the year. We would love to hear from you when your tenants move into your nesting box. Have a very safe, warm and loving Holiday Season.
